

UNCORE

Uncore is an open and independent spiritual teaching not tied to any organization or any form of religions of the past.

Based on the universal cosmic principles, this spiritual teaching is transmitted from a distant age through the Divine.

Creator gave a chance of liberation from samsara to all. The reinpretation of the position of human in the vast Cosmic space gave rise to the Divine Way.

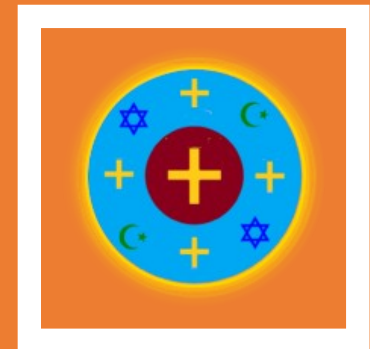

We do not have any formal membership, anyone is free to study and practice on his own or in a group setting with friends and family.

Uncore teachings are forever free of charge in keeping with the tradition of spreading the righteous Way.

EXCOMMUNICATION

Representatives of Slavic Associations irreversibly excommunicated Uncore and Uncore practitioners from the community of Falun Dafa.

This constitutes an unprecedented breach of trust in the community of cultivators of righteous Ways.

As such, in the Dharma-Ending age, we are not Falun Gong, we are not a practice of Falun Dafa.

It should be quite obvious that Falun Dafa has not approved, endorsed, embraced, friended, liked, tweeted or authorized this teaching.

To the contrary, to this day, practitioners of UnCore are personas non-grata in the community of Falun Dafa.
