a hundred reincarnations of life
are not enough to repay it
Creator of the universe looks on

He plays

Vast heavens and earth
a great space game
about the fate of mankind
little depraved minds against
the immense compassion of the Gods
who will win and who will fall into oblivion?

A new beginning

Practicing people
with the desire to kill
bloodthirsty beast
they run and are afraid
they hide their faces
they are ashamed of the Truth
you hope you are chosen
you dare to do anything
they don't care about money and power
he thinks he is God
it does not have its own thinking
learned a few phrases
position protects him
the space game has only just begun

The flow of desires

You expect miracles
healing and still
new heights
protection and blessings
after ten years
now people from You
they expect miracles
and they turn away their faces

Cruise

A path full of pitfalls and obstacles
The heavenly expedition of divine beings
The rough seas try to waste everything
Sailing has its shore and destination
Countless beings of protection
like immense universes
No one will solve it
Forever limited by the limits of your understanding
Pale with fear
Yellow with envy
You turned into a monster
which fights a ghost
created by Your mind
A huge problem
Buddha cannot overcome him
How much more You – stupid worm
Forever etched in rock
Pervading the centre of the cosmos
you are chasing an illusion
A problem that is huge
Immense and numerous
A bigger problem than ten billion lives
Millions of generations
You were close – you failed forever

Three Demonic Manifestations

evil that he observes – writes down
evil that rules and decides
root of all evil is evil
which he takes at the expense of others and causes
unrest

Get off

Overcome the duality of thinking
Enter the Bodhidharma
Remain in a natural enlightened state of mind
Teaching a hundred thousand Dakinis
Freed, he travels the world
Guardians of the secret teachings
They impart to him the knowledge of light
He mastered the seven emotions and the six desires
He has transcended the six realms and desires of
samsara
He broke the twelve bonds of dependent arising
Whoever dares to do harm will be thrown into the
dust
An ancient sage, exalted in the human world

About the demon

Celestial Demon
you wanted to enjoy
on human flesh
as your heart desires
determined, pure and innocent
he will fall into the deepest hell
a hypocrite
even with his minions
you will crawl on the ground
coward
until the last time beats you
you get nothing for your meanness
you will not have a share in the heavenly paradise
your corpse will be eaten by the dogs of the
Underworld

Bullying

Your daily sandwich
For me, help will come from somewhere else
Well, don't think that you will have
share in something
You take full advantage
all you can
You will fall into hot hell
You will suffer until the end
of your barren days

Destruction of evil

Smash his head
Break his legs
Crack his ribs open
Scratch his car
Spray a teardrop in your face
Do not allow evil to rejoice
From his evil
Don't let the pigs steal
Benefit from the Law
All servants
They end up like this

Reincarnation

The same power
that brought you into the world
this power
will escort you out of it
awaken your natural essence
don't waste your time fighting and arguing
return to the path of Dao
practice diligently until Consummation

Necessity

East and West alternate rapidly
You turn around the sun a hundred times
You came naked and you leave naked
Why not practice right now?
A great kalpa will come to an end
Who can find a way out
Winner endowed with innumerable treasures
He will restore the universe and his people will survive

Veil of Reality

The boundaries of reality are firmly set
Rules that cannot be broken
Different levels have different policies
You have to defeat thousands of enemies

Thin is the vessel of illusion
It can be broken with a single thought
A courtyard interwoven with cosmic fog
A heavenly palace with a different darkness

Do not touch marginal ideas
They can be a trap of the outer darkness
A simple person is among the stingy
He cannot decipher lofty dreams

Only the one who defeated all evil
He entered and exited the fight clean
Earthly things do not make him faint
He is sure about the kingdom of Heaven

Remedy of Understanding

It's entirely up to you
to enlighten yourself about it
as it should be understood
for whom it was written

It's entirely up to you
to then atone
bad deeds done
corrected misconceptions

You can't stop the flow of time
what was will remain
ashamed of his stupidity
you naively hope for Consummation

The beginning and the end

The paths of the enlightened meet
Wise men understand from a hint
Fools do evil and seek
Money, power, fame, brawl

Millions of stars and their planets
They are waiting for the son of man
Vibrant music from the cassette
Heaven's Gate is ageless

Guardians of the higher realms
They have strict rules
You cannot enlighten yourself – believe
Maybe a passing animal will save you

The Art of Occult Knowledge
A direct direction is set
Human pleas
Divine abilities like a gun

Straighten paths in the name of the Lord
Creator incomprehensible – different
Clock strikes everyone once
Then it will be clear who is innocent

Cycle of pain

Sharp claws of addiction
have clawed their way into the mind
like a mad dog
they bark and howl at the moon
a battlefield littered with corpses
the winner survives but at what cost
the paths of the enlightened lead overhead
above is forgiveness and bliss
earthly demons exact revenge
embittered by the fate of mortality
Lord Death holds the wheel of reincarnation
in teeth, decorated with skulls of desires
The Underworld will never be filled
Peace is the illusion of the ages

About grief II

My heart is bleeding
Sadness surrounds me
excruciatingly breaks bones
people – fools in the dark

Mr. Death

Kalpa-eater
The demon lord of Death
Decorated with five skulls
Holding the Big Wheel
He won all ages
To the end
Supreme Judge of Justice
The last one will remain

About shit

Passive aggressive shit
Degenerate thinking and actions
Drunk with power and glory
Inverted principles
You are happy driving around people
Hell awaits you
The demon is smiling at you
A rotten wreck – the shame of humanity

Fire

Why are you playing with fire?
The Light of the Righteous One will burn you to ashes
Empty dreams, unfulfilled ambitions
Repenting too late after a heinous act

Glory and Power

To the disgusting bastard
hame and power went over his head
he envies even himself
he tries what else he can afford
instead of meekly
accepting the burden of his office
drunk with glory
it was still not enough
in China he would betray you
in the blink of an eye
I smile
correct your mistakes quickly
destruction and ruin awaits you otherwise

In wretchedness

Lost in a maze of possibilities
High walls prevent
Spreading the wings of freedom
Words and actions hurt people
Ancient thinkers of knowledge
They found strength in simplicity
Power is a treacherous virgin
Won't charm the city fairy
Millennium passes in a second
Who will bridge to the future
He will live forever in our minds
A distant time towards the end of the universe
The Lord will come for everyone
You will surpass yourself and time – life goes on!

Prayer

On your knees please
Almighty Creator
To pour wisdom into your head
And melted the hardened heart
You who spin the Wheel of Fate
Wake up now!

Fragile face

Constant name-calling
Appeal to your image
very fragile appearance
which anyone can damage
why is that?
cults are born
organizations, religions
spiritual struggle
I laugh at your
fears and complexes
do you wonder at the persecution?
not everyone is
so forgiving
when you take away my participation
in the kingdom of God
you just can't

About trust

Bonds of trust broken
I know you didn't appreciate it
you don't have the capacity to understand
that's your lot
lost in a sea of spirituality
it is difficult to board the ship
he waves his hands blindly
he hopes for perfection
you will understand later – too late
when the wheel turns completely
you could have been king
but you have become a slave
own desires and small-mindedness
maybe no one will free you from your lot

New law

Boo, Boo, Boo – idiot
have you ever heard of fist law?
Heavenly rules are different from human rules
do you still think that disaster will not pass you by?

Mirror

You got rid of us
like dirt
you couldn't stand watching
into the mirrors
which reflected the disgusting
oozing ulcers
your corrupt
souls

Two pigs

I'm basking in glory
intoxicated with power
the devil dictates to you
everything you do
you still want more
heavenly chants
to sing to you
with your own hand
you will suffocate

For a laugh

You indulge in lofty thoughts
Your actions reveal your true face
You cultivate evil, from beginning to end
corrupt, degenerate thinking

The sidewalk

Cultivation strengthens character
The other shore is a dream destination
A mighty step of an enlightened being
Nothing moves a Dao's heart

You took my human heart
He put a stone instead
Ice storm did not shake the bones
The cold north takes over the weak

The cruise starts from the shore
The cosmos turns in a dance
Universe after universe travels
Emptiness is his companion

Kind answer

Good is not so good
the saints are not so holy
you used me for your schemes
you smile – crazy
once the candle burns out
true face will show
godly life is not like that
godly and worldly beauty
she is the devil's handmaiden
you have chosen the path of thorns
you will achieve nothing because
they are enthroned in the Heaven
that you've betrayed.

Prohibition

It is strictly forbidden to help
support or serve
to a vile deranged traitor
who has lost his way and is leading everyone to
destruction
Gods, masters and Taos will not favour You
you are betraying yourself and higher Laws

A blessing

Peace to good people
God alone is good
cosmic veil exposed
miracles in traditional costume
people are not allowed to know the Truth
each of them is afraid
for your comfort and reputation
immersed in an empty struggle
he is trying to reach the heavens
the demon devil smiles innocently

About understanding

Some people don't know how to
distinguish right from wrong
not even after a long time
A lie on the lips
They fight each other with weapons
which are an outgrowth

their karmic misunderstanding
They disappear one by one
like snowflakes
with the arrival of spring

Strictly Prohibited

Have eyes, ears, mouth
to be able to see, hear, speak
heavenly secrets
he is not an ordinary person
at the end of the day
The truth remains hidden
The thirsty will get water
The hungry will be satisfied
Mighty beings lay down to sleep
The Heavens reveal their power

About Continuation

Stuck in cultivation
limitation is difficult to replace
radical actions
you will hurt yourself and others
this goes against promises
bound by the Karmic Fa
You lower your gaze humbly
you progress ignominiously like a worm
little by little, behold -
Pure Earth!

Why are you persecuted?

August 14, 2023

This is the reason why there is persecution,
The straying of an individual in power position,
Until the Divine Law is corrupted,
The persecution will continue,
Until Mindcoeur is excommunicated,
I will be persecuted,
Until the Divine Law is in turmoil,
You will not be able to stop the persecution
To disintegrate the CCP,
You must search inwards.

August 15, 2023

I am the reason you are persecuted,
When you corrupt the Divine Law shamelessly,
Which I bestowed upon you for eternity in great
sacrifice.
I am your King,
I am your righteous shoulder,
That will destroy all your enemies,
When you put your faith in the Divine,
And cry for help from Heavens in your time of need.
I am your Ruler,
I provide for you daily,
Guide you back to righteousness,
Back to ancient Divine Ways and your True selves,
Where the fire of wisdom permeates all of Creation
forever.
I am your Lord,
I teach the mysteries of Cosmos,
To Dakinis, Divinities and Disciples,
Breaking the bonds of earthly suffering,
Enabling all beings to return to the Creator.

Charting the path for thousands of years,
My son is the light of a famous moon,
Rising in the east and setting in the west,
Lightning striking the hearts of the wicked,
I am the Holy Spirit – a blazing star,
Piercing the darkness for those wishing to see,
Guiding the lost back to Heavens.

Correcting the Way

September 20, 2023

Hard to look at the colossal failure,
I closed my eyes and became blind,
Whorehouses instead of temples,
Generation lost to false ideals.
Fragile nature of the old Ways,
Cannot be saved by pretending,
True power must come within,
Waiting forever for salvation at the end times.

Bearings of Culture Lost

September 21, 2023

Degenerated notions found their way,
Into temples, minds and hearts,
Of those who believed in the eternal life,
I call once again for the predestined to awaken.
From the ashes of destruction,
Emerged new Cosmos,
Angels would weep seeing the indifference,
Would they not be dead.

Heavy Heart

September 22, 2023

Heavenly messengers are bringing me sad news,
My heart is growing heavier by the day,
I wish to mend the Cosmos anew,
But the corruption is not allowing me to.

Sky is polluted by hate,
My hope is clouded by the ignorant,
Greed and human power ambitions,
Used by demons once again to stir troubles.

Celestial music cannot penetrate the spheres down to
Earth,
Only war drums are reaching the ears of world's
leaders,
Although light of wisdom will never die out,
I fear for fate of the next generation.

Fall of the Rebel Angels

September 23, 2023

Old religions not meeting
The standards of new Cosmos,
Minds clouded by years
Of communist indoctrination,
How long are you willing to wait,
For your leaders to come back to their senses.
Come now and give me a helping hand,
Wheel of Divine Law of God is turning once again,
Path to Heavens is finally cleared,
Do not lose this chance of a lifetime.
Dwelling in illusory realms for too long,
Missing each opportunity to ascend,
Heavenly beings of even higher caliber,
Are forged in the battle between Heaven and Hell.

New China

September 24, 2023

Repeating the old mistakes,
Building walls, closing itself off,
Controlled by communist thought,
Incapable to survive cultural exchange.
One human race, endlessly mixed by the currents,
Purity of life reflected on the Way back to Heavens,
Gods of new Cosmos are safeguarding wise light of
Creation,
Progress of Creator's Way cannot be barred by
illusions of time.
Who will guide the lost children,
God is remaking the Cosmos anew,
Those in power cannot hold their promises,
Heavenly beings are forged in the crucible of
Creation.

Total Elimination

September 25, 2023

Old forces wanted to eliminate MindCœur,
Angels would weep, were they not dead,
My disciples – magnificent Divinities,
Won't say a word at the end times.
Divine voice emanating from Heavens,
Penetrating all dimensions down to Earth,
Transcending the wisdom of Eons of dark kalpas,
Adamantine Gods mending the Cosmos –
Creator's children.

Ghosts of Past

September 26, 2023

Thirty beautiful years,
Way for Divine Law has been paved,
Spreading salvation far and wide,
Creator turns the Cosmic Wheel again,
No regrets leading humankind,
Recreated –
back to Heavens.

Earth restored

September 27, 2023

Pilgrim reached his final destination,
Sun-King reincarnated once again,
Reigns over Heaven and Earth,
In grand display of eternal life,
Gods reborn in the flames of wisdom.

Communist destruction

September 28, 2023

Heritage of thousands of years,
Destroyed in an instant,
Fascist pure-race ideals,
Dump of humankind,
I hold the Divine Wheel of God,
Between Heaven and Earth,
Motionless in it's rotation,
Wisdom of Messiahs safeguarded forever.

Heaven's Way

October 15, 2023

God is calling on me,
to tell you the Truth,
we were once Divine,
there is Heaven and,
you even have to go there.

Prophet's Garden

November 13, 2023

Rooted in pain,
Poison and perversion,
Sustained by Demon –
Flower from another dimension.
While lotus needs mud –
Otherwise it'll die,
My growth needs blood,
That's my heart's call.
Three religions will never unite,
Yet the same God rules them,
Bound by fate to teach and write,
Traditions serves as a new Shen.

Falun Dafa Religion

November 18, 2023

Members of the Associations of Falun Gong,
Why do you reject our practitioners from the
community?
Why do you cause problems
in our personal a professional lives?
Why do you physically barred us
from the exercise sites, group study and Hong Fa?
Your Master clearly stated there is no cultivation
insanity
Do you even follow the teachings that you read?
Why has this happened in every country I visit?
You give no explanation and keep silent.
We turned a blind eye towards your corrupted
practices,
Yet you refuse to allow us to practice our faith
freely,
We turned a blind eye towards your flaws,
Yet you decided to ignore us.
Our practitioners will not stop,
One boat today leads the way,
Hundreds of millions follow,
Until justice is resolved.
You fear about your worldly positions,
You became attached to your titles,
Without them you are nothing,
Your lives are in great danger!
Quickly wake up!
Change your stubborn thinking!
Bad fortune will follow otherwise,
The lot you chose is yours to carry.
