What is MindCœur?

Based on the universal cosmic principles, this spiritual teaching is transmitted from a distant age through the Divine. The reinterpretation of the position of human in the vast Cosmic space gave rise to the Divine Way.

The Allegations

There has been no clear evidence presented to support the allegations, and MindCœur was not given a fair opportunity to defend themselves. This departure from the principles of justice and fairness undermines the trust within the community. The leadership's actions in this case seem to contradict the very teachings they aim to uphold.
